## **DAVID PLOURDE JOINS TRANSCOR GOVERNMENT ACCOUNT SALES TEAM**

Georgetown, MA (February 16, 2011) TransCOR Information Technologies is pleased to announce that David Plourde has joined its Public Safety and Government Account Sales Team as Senior Account Manager.

David Plourde brings more than 12 years of public safety sales and marketing expertise to the TransCOR public sector sales team. Prior to joining TransCOR, he worked for Panasonic as the Northeast Area Sales Manager for the Toughbook computer and Arbitrator mobile video evidence product lines.

Additional experience David brings to TransCOR includes sales and marketing of computer aided dispatch (CAD), records management (RMS) and mobile data software solutions to the public safety market. David also served in the U.S. Air Force for 10 years which included being assigned to the Houston Police Department, Narcotics Division, as part of the Department of Defense Counterdrug Interdiction program. David's experience will serve him well calling on his customer base in Massachusetts State Government, New Hampshire, Connecticut and New Jersey State and Local Government.

"We are excited to welcome David Plourde with his many years of Public Sector sales expertise to TransCOR's accelerating government sales account team. We have worked closely with with him for many years and know that he will be a real asset in optimizing mobile computing solutions for many agencies," said TransCOR Sales Manager, Derek Biersteker.

TransCOR presents the best of breed in rugged mobile wireless computers, vehicle mounts and complete installation services, wireless connectivity, mobile printing, off-line storage, vehicle tracking (AVL), GPS, office docking and custom solutions for exceptional productivity and power in mobile wireless computing. TransCOR combines the widest variety of products, software & service solutions for field, mobile and rugged environments. through partnerships with the industry's leading manufacturers of rugged computing hardware and mobile data software.
